

# Title Index / Index des titres

## 1997, Volume 88

- Age and depression in a nationally representative sample of Canadians: A preliminary look at the National Population Health Survey, 297-302
- Age and sex differences in physical inactivity among Ontario teenagers, 177-80
- Ageism: The quiet epidemic (Editorial), 293-94
- Âgisme (L) : l'épidémie silencieuse (Éditorial), 295-96
- Along the boardwalk: Effects of a boardwalk on walking behaviour within a Nova Scotia community, 325-26
- Alternative medicine: Where's the evidence? (Editorial), 149-50
- Analyse espace/temps de l'incidence de certains sièges de cancer au Québec : 1984-1986 et 1989-1991, 48-51
- Appeal to the Canadian international health community (An) (Letter to the Editor), 140-41
- Assessment of parent education methods for infant immunization, 405-8
- Attitudes and beliefs of the general public about treatment for alcohol problems, 41-43
- Back to basics in the fight against tobacco (Editorial), 221-22
- Blood cadmium, game consumption and tobacco smoking in Southern Ontario anglers and hunters, 44-46
- Canadian immunization cuts will cause child deaths (Letter to the Editor), 229
- Canadian recommended nutrient intakes underestimate true energy requirements in middle-aged women, 314-19
- Canadian tertiary care centre study of maternal and umbilical cord cotinine levels as markers of smoking during pregnancy (A): Relationship to neonatal effects, 232-37
- Case for a heroin substitution trial in Canada (The), 367-70
- Cleaning solutions and bacterial colonization in promoting healing and early separation of the umbilical cord in healthy newborns, 380-82
- Contemporary food supply of three Northern Manitoba Cree Communities (The), 105-8
- Correlates of condom use in the young adult population in Ontario, 280-85
- Creation of priority criteria for corneal transplantation and analysis of factors associated with surgery following implementation, 320-24
- Creutzfeld-Jakob disease and growth hormone therapy (Letter to the Editor), 138
- Determinants of HIV-related high risk behaviours among young offenders: A window of opportunity, 14-17
- Development of a computerized health information system to facilitate program planning/evaluation and enhanced First Nations control of community health services (The), 207-9
- Effect of water fluoridation on the bone mineral density of young women (The), 388-91
- Effectiveness of recorded messages to communicate the risk of acquiring hantavirus pulmonary syndrome, 275-76
- Emerging and re-emerging communicable diseases (Letter to the Editor), 137-38
- Emerging international dominance of chronic diseases (The) (Letter to the editor), 9
- Estimation of breast cancer risk by women aged 40 and over: A population based study, 392-96
- Étude de prévalence sur les atteintes musculosquelettiques des membres supérieurs chez les chauffeurs d'autobus scolaires, 271-74
- Étude sur la participation des parents dans les activités scolaires ou parascolaires, 184-91
- Evaluating asthma (Letter to the editor), 138-39
- Evaluation of the implantation d'un curriculum scolaire : pistes d'interventions pour optimiser l'adoption et l'implantation de programmes d'éducation à la santé dans les écoles primaires, 351-53
- Evaluation of a four-year bicycle helmet promotion campaign in Quebec aimed at children ages 8 to 12: Impact on attitudes, norms and behaviours, 62-66
- Evaluation of the Quebec public information campaign and human immunodeficiency virus (HIV) antibody screening program directed to persons transfused between 1978 and 1985, 397-400
- Facilitating the shift to population-based public health programs: Innovation through the use of framework and logic model tools, 95-98
- Factors important in promoting mammography screening among Canadian women, 346-50
- Factors influencing the duration of breastfeeding in the Sudbury region, 238-41
- Female genital mutilation (Letter to the Editor), 137
- Framework for the development of community health agency partnerships (A), 416-20
- Health promotion practice and public health: Challenge for the 1990's, 409-15
- Hepatitis C in Prince Edward Island: A descriptive review of reported cases, 1990-1995, 91-94
- HIV-positive women living in the Metropolitan Toronto area: Their experiences and perceptions related to HIV testing, 18-22
- HIV/AIDS—The new "great teacher", 11-12
- How a print resource on policy change was used by community and public health practitioners, 85-86
- How different are users and non-users of alternative medicine?, 159-62
- Impact des organisations de services sur l'état vaccinal des enfants, 401-4
- Impact of two cardiovascular education programs varying in the type of nutrition information provided, 354-57
- In response to Beyerstein editorial (Letter to the editor), 336/345
- Incidence of iron-deficiency anaemia and depleted iron stores among nine-month-old infants in Vancouver, Canada, 80-84
- Institutionnalisation des programmes communautaires (L') : revue des modèles théoriques et proposition d'un modèle, 109-13
- Introduction of high-alcohol beer in Ontario: Preliminary observations on its use by underage drinkers, 114-18
- Issues in the management of contacts of patients with active pulmonary tuberculosis, 197-201
- Just say yes: How are we doing in the war against illegal drug use? (Editorial), 77-78
- Kidney cancer in Canada: The rapidly increasing incidence of adenocarcinoma in adults and seniors, 99-104
- Knowledge and attitude assessment of Quebec day-care workers and parents regarding HIV/AIDS and Hepatitis B, 23-26
- Lack of compliance with hepatitis B vaccination among Canadian STD clinic patients: Candidates for an accelerated immunization schedule?, 210-11
- Lien entre le lieu de naissance et certaines caractéristiques de santé en Ontario (Le), 337-45
- Life expectancy (Letter to the Editor), 153
- Mathematical models of disease transmission: A precious tool for the study of sexually transmitted diseases, 255-65
- Médecine parallèle : où sont les preuves? (Éditorial), 151-52
- Mesothelioma surveillance to locate sources of exposure to asbestos, 163-68
- Methodologies of qualitative research (The) (Letter to the Editor), 153
- Mortality and cognitive status among elderly Canadians living in the community and in institutions: The Canadian Study of Health and Aging, 303-4
- Mortality in foetal alcohol syndrome, 181-83
- Na'atoosi et des hommes (Des) : l'impact social d'une maladie émergente, 134-36
- Needlestick injuries during a mass vaccination campaign, 38-39
- Non-tractor, agricultural machinery injuries in Ontario, 32-35
- Nutrient intakes of senior women: Balancing the low-fat message, 310-13
- Oui à la décriminalisation : comment s'en tire-t-on dans la lutte contre l'usage de drogues illicites? (Editorial), 78-79
- Outbreak of trichinosis in Ontario secondary to the ingestion of wild boar meat, 52-56
- Perspective on Canadian teenage births, 1992-94 (A): Older men and younger women?, 333-36
- Physical health complaints and the use of outpatient mental health services among those with a mental disorder, 67-68
- Physicians and breastfeeding: Beliefs, knowledge, self-efficacy and counselling practices, 383-87
- Population-based hepatitis B seroprevalence and risk factor study in a northern Ontario town (A), 87-90
- Predictors of dietary intake in Ontario seniors, 305-9
- Prevalence of chlamydial infection and frequency of risk behaviours for STDs and HIV infection among adolescents in public juvenile facilities in the province of Quebec, 266-70
- Prevalence and predictors of health risk behaviours during early pregnancy: Saskatoon Pregnancy and Health Study, 375-79
- Prevalence of tuberculin skin test reactions among prison workers, 202-6
- Prévention des infections dans les services de garde à l'enfance (La) : les facteurs potentiels d'influence, 250-54
- Prostate cancer screening in the midst of controversy: Canadian men's knowledge, beliefs, utilization and future intentions, 327-32
- Public health in Canada: A comparative study of six provinces, 246-49
- Qualitative and quantitative research methods (Letter to the editor), 9-10
- Randomized controlled trial of alternative approaches to community follow-up for postpartum women (A), 123-28
- Rappel des données de base dans la lutte contre le tabagisme (Éditorial), 223-24
- Reply to evaluating asthma (Letter to the editor), 139-40
- Responding to reported clusters of common diseases: The case of multiple sclerosis, 277-79
- Rickets prevention (Letter to the editor), 10

School-based hepatitis B immunization program: Follow-up of non-participants at first school clinic, 192-96  
 Seroprevalence of HIV infection in childbearing women in Nova Scotia, 27-31  
 Small area variation in low birthweight: Looking beyond socioeconomic predictors, 57-61  
 Smoking in Ontario, 1991 to 1996, 225-29  
 STEPS Project (The): Participatory action research to reduce falls in public places among seniors and persons with disabilities, 129-33

Taking issue with alternative medicine label (Letter to the Editor), 336  
 Tattooing: A Nova Scotia experience (Commentary), 373-74  
 Temporal trends in Canadian birth defects birth prevalences, 1979-1993, 169-76  
 Tobacco industry campaign contributions in Ontario, 1990-95, 230-31  
 Ultraviolet radiation and safety behaviours at an outdoor community event, 119-22

Use of alternative health care practitioners by Canadians, 154-58  
 Using a breastfeeding prevalence survey to identify a population for targeted programs, 242-45  
 Using a program logic model that focuses on performance measurement to develop a program, 421-25  
 Validity of qualitative research (The) (Letter to the Editor), 141  
 VIH/sida—Une nouvelle grande source d'enseignements, 12-13
